Our Past, The Engine of Our Future!

04/2026

Compofix supplies furniture fittings and cabinet hardware to UK trade: wholesalers, kitchen and bedroom manufacturers, upholsterers, shopfitters and washroom cubicle fabricators. Our products are made by an established manufacturing partner in Türkiye with decades of experience in plastic, zamak, metal and aluminium fittings, and with quality control at every stage of production.

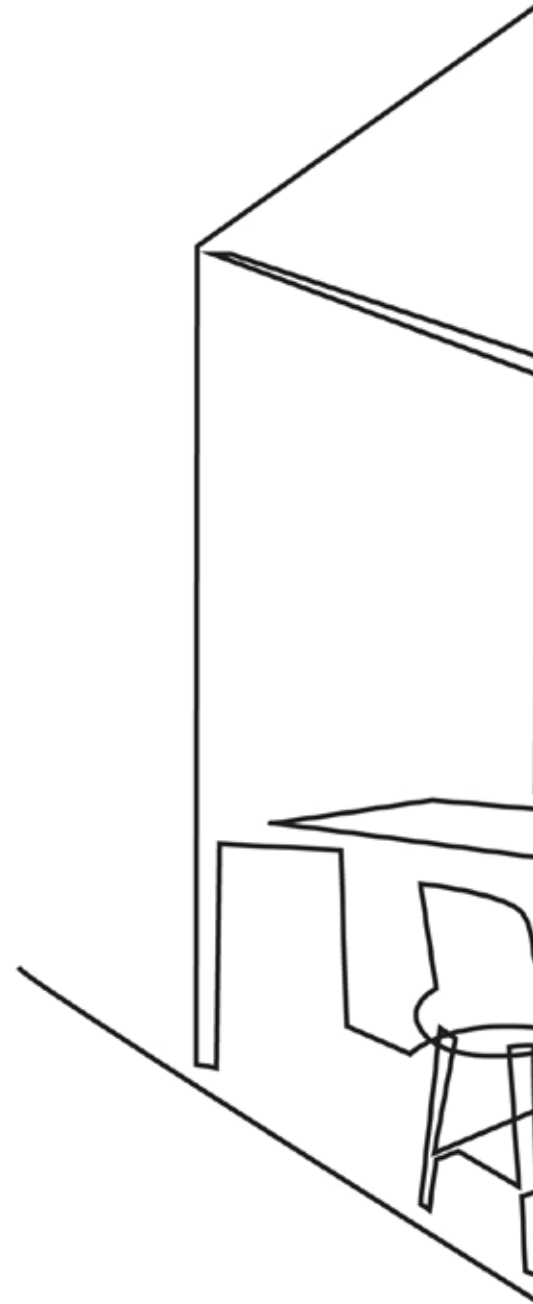

Goods travel by road and reach the UK in about a week. We offer low minimum orders, mixed orders across ranges, own-label packing on request and free samples for trade buyers.

Prices are quoted per enquiry. Send us your product codes and yearly volumes at sales@compofix.co.uk or compofix.co.uk/quote.html.

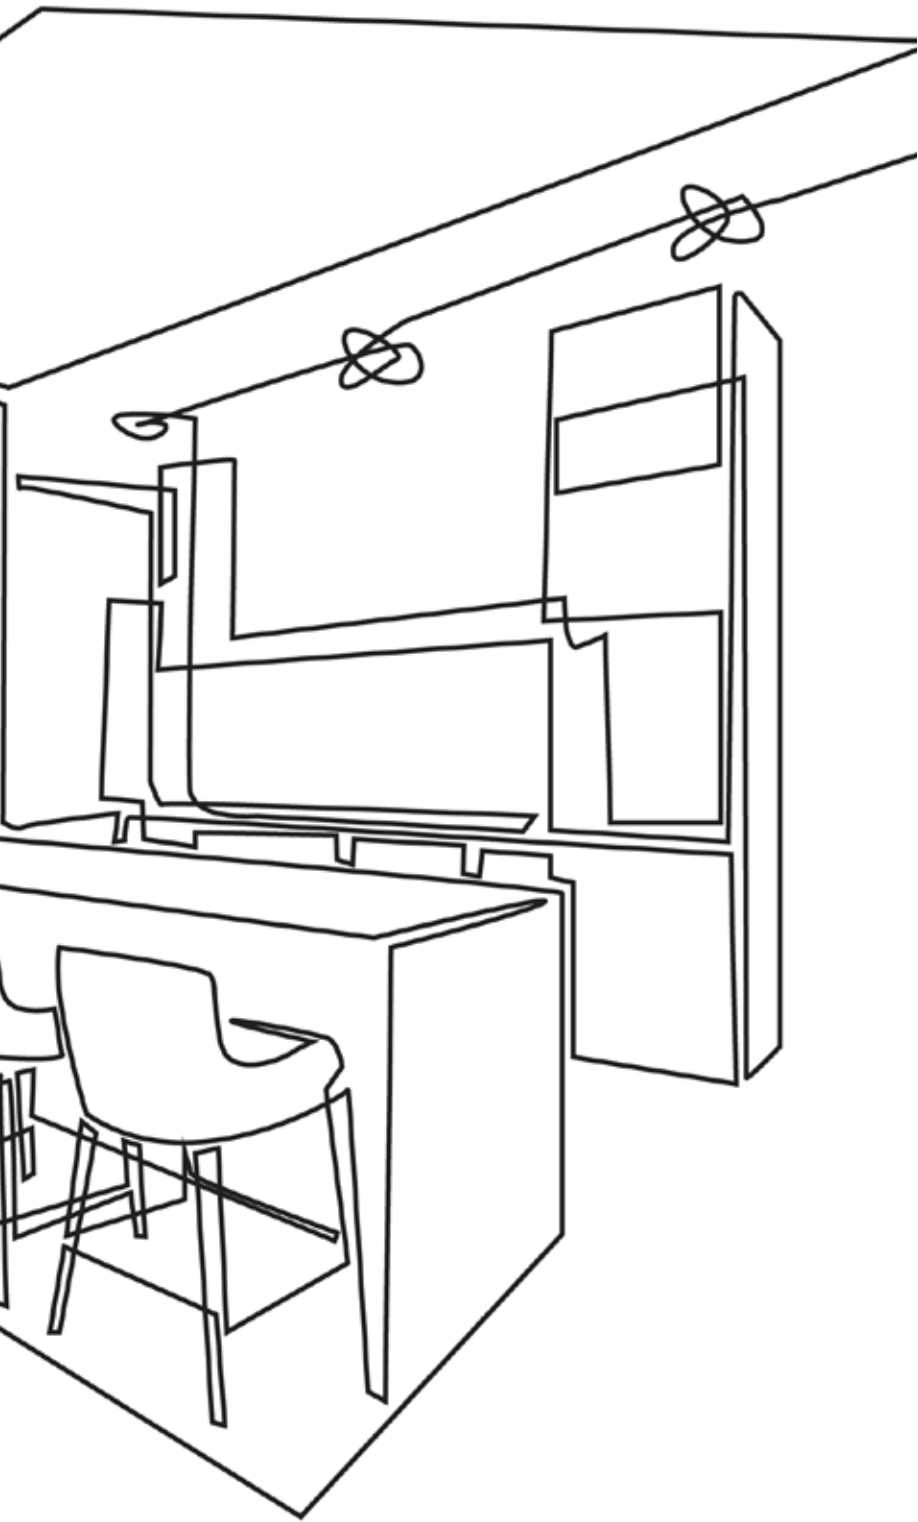

" Quality Lies in the Details. "
